## FACILITIES MAINTENANCE TECHNICIAN

### **DEFINITION**

Under general supervision, performs a variety of semi-skilled tasks in building maintenance, preventive maintenance, and repair of District building and facilities in the trade areas of carpentry, plumbing, electrical, masonry and automotive repair; performs related duties, as assigned.

### **SUPERVISION RECEIVED AND EXERCISED**

Receives general supervision from the Director of Operations. Exercises no direct supervision over staff.

### **CLASS CHARACTERISTICS**

This fully qualified journey-level classification performs the full range of semi-skilled maintenance duties as assigned, working independently, and exercising judgment and initiative. Positions at this level receive only occasional instruction or assistance as new or unusual situations arise and are fully aware of the operating procedures and policies of the work unit.

### **EXAMPLES OF TYPICAL JOB FUNCTIONS (Illustrative Only)**

*Job functions and performance are subject to provisions contained within the Personnel and Salary Resolution and Memorandum of Understanding applicable to the specified job classification. Management reserves the right to add, modify, change, or rescind the work assignments of different positions and to make reasonable accommodations so that qualified employees can perform the essential functions of the job.*

- Performs a variety of tasks in the maintenance, repair, and minor construction work at District facilities.
